## Pivot | 360° Rotating camera and smart home hub

### Automatic rotation when a door is opened

Pivot comes with two door and window sensors and can be set to rotate towards them when they are opened or closed. It supports up to 32 sensors, so you can cover all entryways.

### Keeps you connected with two-way audio

Pivot allows you to talk directly with your family and pets, and can bring the party to life with its built-in Bluetooth speaker.

### Motion detection in 360 degrees

With 360° alerts enabled, Pivot will automatically rotate a full revolution and record a short clip when significant motion is detected. Receive an alert on your phone to play back Pivot's sweep of the room.

### Track home health

Pivot provides readings and records of your home's temperature and humidity.

1080p HD

View and record in 1080p high definition.

WiFi Setup

Easily connect to your home network with the free app.

360° Rotation

Monitor your home in 360 degrees.

Cloud Recording

Optional cloud subscription plans available for added security.

Connect Accessories

Pivot is a hub for connecting Zmodo accessories and sensors.

Two-way Audio

Talk and listen using the built-in mic and speaker.

Smart Alerts

Receive mobile push alerts when motion is detected.

Night Vision

View clearly in the dark with automatic infrared LEDs.

Remote Access

Always stay connected with the ones you love, wherever you are.

Share Device

Share your device with your family and friends.
