Torch Pro and Torch 360 A colorful monitoring solution

Easy installation

Installing your Torch is as easy as screwing in a light-bulb. Literally. The Torch and Torch 360 are powered by your light fixture and fit into any standard E26 socket. Torch Pro's connected doorbell connects to and is powered on by your existing doorbell chime.

Unleash your creativity

Create a comfortable ambiance from a warm spring morning to cool fall afternoon. With millions of colors and premade themes, your light can reflect your mood.

Know who's at the door with Torch Pro

With Torch Pro's connected doorbell, receive call alerts on your smartphone when someone's at your door.

On demand and auto rotation with Torch 360

Pan Torch 360 in the app at any time to see a full view of your front yard, or set up 360 alerts to get full video clip sweeps of the area whenever motion is detected out of view of the camera.

720p HD

View in crisp 720p high definition.

WiFi Setup

Easily connect to your home network with the free app.

Light Control

Control colors and schedules for your light in the app.

Brighten your home

Install Torch Pro and Torch 360 in your outdoor lanterns to brighten your yard.

Two-way Audio

Torch Pro allows you to talk and listen using the mic and speaker in Torch Pro's connected doorbell.

Smart Alerts

Receive mobile push alerts when motion is detected.

Millions of Colors

Choose between millions of colors or select premade themes in the app.

Remote Access

View and control your home and lighting from anywhere, at any time from your smartphone.

Cloud Recording

Hold onto moments and share your clips with others.

Share Device

Share your device with your family and friends.
